"I learned more about the mission statement of this company which is 'Inspiring Healthy Living Around the World' and I wanted to be part of the mission! Would you be open to learning how we share with others?"

"You're already doing what I'm doing, would you like to join our mission?"

Step Into Your Business Story - Examples

"Not only have I been able to inspire others to get healthier, I can't believe I went from making a few hundred dollars a month to paying off our credit card debt. I'm making the mortgage payment now and it feels great! This company even has a wonderful medical benefits package that I can receive for our whole family. This is turning out to be a game changer for us!"

"At first, I was interested in paying for our family's Juice Plus+ but before I knew it I was making a car payment, then the house payment. Now we're saving for the kid's college education. It feels good to contribute to our family's income and I'm helping people with their health at the same time!"
